2013 ANNUAL MEETING OF STOCKHOLDERS
September 20, 2013

PROXY STATEMENT
GENERAL

This Proxy Statement and the accompanying proxy are furnished to stockholders of SigmaTron International, Inc. (the "Company") in connection with the solicitation of proxies by the Company's Board of Directors for use at the 2013 Annual Meeting of Stockholders (sometimes referred to herein as the "Meeting") to be held at SigmaTron International, Inc., located at 2201 Landmeier Road, Elk Grove Village, Illinois, 60007, at 10:00 a.m. local time, on Friday, September 20, 2013, for the purposes set forth in the accompanying Notice of Meeting. This Proxy Statement, the form of proxy included herewith and the Company's Annual Report to Stockholders for the fiscal year ended April 30, 2013 are being mailed to stockholders on or about August 15, 2013.

Stockholders of record at the close of business on July 22, 2013 are entitled to notice of and to vote at the Meeting. On such date there were outstanding 3,961,232 shares of common stock, par value \$.01 per share. The presence, in person or by proxy, of the holders of a majority of the shares of common stock outstanding and entitled to vote at the Meeting is necessary to constitute a quorum. In deciding all questions, each holder of common stock shall be entitled to one vote, in person or by proxy, for each share held on the record date.

If you are a stockholder of record (that is, if you hold your shares in certificate form or if your shares are registered in your name on the books of the Company's transfer agent, American Stock Transfer and Trust Company, as of the close of business on July 22, 2013), and attend the Meeting, you may deliver your completed proxy card in person. However, if you hold your shares in "street name" (not registered in your name): (a) you must return your voting instructions to your broker or nominee so that the holder of record can be instructed how to vote those shares; or (b) if you wish to attend the Meeting and vote in person, you must obtain and bring to the Meeting a proxy signed by the record holder giving you the right to vote the shares in order to be able to vote at the Meeting. (You may *not* use the voting instruction form provided by your broker or nominee to vote in person at the Meeting.) For directions to the meeting, please contact the Company at 847-956-8000.

Votes cast by proxy or in person at the Meeting will be tabulated by the election inspector appointed for the Meeting and will determine whether or not a quorum is present. The election inspector will treat abstentions as shares that are present and entitled to vote but as not voted for purposes of determining the approval of any matter submitted to the stockholders for a vote. Abstentions will have the same effect as negative votes on the proposal to ratify the selection of the auditor, proposal to approve the 2013 Employee Stock Purchase Plan, proposal to approve the 2013 Non-Employee Director Restricted Stock Plan, the advisory vote on the compensation of the Company's Named Executive Officers, and the advisory vote regarding the recommendation to select a three year frequency of advisory votes on executive compensation. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter ("Broker Non-Votes"), those shares will not be considered as present and entitled to vote with respect to that matter.

Properly executed proxies will be voted in the manner directed by the stockholders. If no direction is indicated, such proxies will be voted FOR the election of each nominee named under the caption "Election of two Class II Directors" as set forth therein as a Director of the Company, FOR the ratification of the selection of BDO USA, LLP as the Company's registered public accountants, FOR approval of Employee Stock Purchase Plan, FOR approval of the 2013 Non-Employee Director Restricted Stock Plan, FOR the advisory vote on the approval of the compensation of the Company's Named Executive Officers and, FOR a three-year frequency of advisory votes on executive compensation. If a quorum is present at the Meeting, Directors will be elected by a plurality of the votes cast. The ratification of the selection of auditors require an affirmative vote by holders of a majority of the shares present at the meeting in person or by proxy and entitled to vote. The approvals of the

2013 Employee Stock Purchase Plan and the 2013 Non-Employee Director Restricted Stock Plan each requires the affirmative vote by holders of a majority of the shares present at the Meeting in person or by proxy and entitled to vote. The resolution related to the vote on the compensation of the Company's Named Executive Officers is advisory and non-binding, and requires an affirmative vote by holders of a majority of the shares present at the Meeting in person or by proxy entitled to vote on the matter. The non-binding, advisory recommendation of the shareholders for the frequency of holding future advisory votes on executive compensation will be that choice which receives a plurality of the votes cast. All other matters submitted for stockholder approval at the Annual Meeting will be decided by the affirmative vote of a majority of the shares present, in person or by proxy, at the Annual Meeting and entitled to vote on the subject matter. Any proxy may be revoked by the stockholder at any time prior to the voting thereof by notice in writing to the Secretary of the Company, either prior to the Meeting (at the above address) or at the Meeting if the stockholder attends in person. A later dated proxy will revoke a prior dated proxy.

All expenses incurred in the solicitation of proxies will be borne by the Company. In addition to the use of the mail, proxies may be solicited on behalf of the Company by Directors, Officers and Employees of the Company by telephone or telecopy. The Company will reimburse brokers and others holding common stock as nominees for their expenses in sending proxy material to the beneficial owners of such common stock and obtaining their proxies.

The Board of Directors has adopted a written charter for the Audit Committee, which was revised and restated as of July 11, 2013, and is available on the Company's website at www.sigmatronintl.com. The report of the Audit Committee to the Stockholders is included in this Proxy Statement under the heading "Report of the Audit Committee."

The functions of the Compensation Committee are to review and recommend to the Board of Directors annual salaries and bonuses for all Executive Officers of the Company, to review and recommend to the Board of Directors compensation for the Directors, to review and recommend to the Board of Directors the terms and conditions of all employee benefit plans or changes thereto and to administer the Company's stock option plans. While the Chief Executive Officer of the Company may make recommendations regarding such salaries, compensation and terms and conditions of employment, the Compensation Committee reviews any such recommendations independently and is responsible for making final recommendations to the full Board of Directors. Messrs. Mantia (Chairman), Plante, and Vyas are members of the Compensation Committee. The Board of Directors has determined that each of the members of the Compensation Committee is independent under the listing standards of the Nasdaq Stock Market, Inc. The Committee has authority to select and hire outside consultants and shall have full access to the Human Resources Department or other Company employees to assist in the evaluation of executive officer compensation and may approve the fees and other retention terms of any consultants hired by the Committee. The Committee may also obtain advice and assistance from legal, accounting or other advisors selected by the Committee. The Board of Directors has adopted a written charter for the Compensation Committee, which was revised and restated as of July 11, 2013, and is available on the Company's website at www.sigmatronintl.com.

The functions of the Nominating Committee are to: (1) review and recommend to the Board of Directors the size and composition of the Board of Directors and a slate of nominees for each election of members to the Board of Directors; (2) review and recommend changes to the number, classification and term of Directors; (3) identify and recommend to the Board of Directors candidates to fill appointments to Board committees; (4) develop, assess and make recommendations to the Board of Directors concerning appropriate corporate governance policies; (5) identify and recommend to the Board of Directors candidates to fill a vacancy in the offices of President and Chief Executive Officer; and (6) review nominations by stockholders with regard to the nomination process and to establish the procedures by which stockholder candidates will be considered. The members of the Nominating Committee are Messrs. Vyas (Chairman), Horek and Rieck. The Board of Directors has determined that each of the members of the Nominating Committee is independent under the Nasdaq Stock Market, Inc. listing standards.

The Nominating Committee begins the process of identifying Director candidates by evaluating the current composition of the Board, the Company's operating requirements, and the long-term interests of the Company's stockholders. The Nominating Committee then uses its network of contacts to compile a list of potential

candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. In the case of incumbent Directors whose terms of office are set to expire, the Nominating Committee reviews such Directors' overall service during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such Directors' independence. The Nominating Committee meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote. To date, the Nominating Committee has not paid a fee to any third party to assist in the process of identifying or evaluating Director candidates.

In evaluating and determining whether to recommend a person as a candidate for election as a Director, the Nominating Committee's criteria reflects the requirements of the Nasdaq rules with respect to independence as well as the following factors: the needs of the Company with respect to the particular talents and experience of its Directors; personal and professional integrity of the candidate; the level of education and/or business experience of the candidate; broad-based business acumen of the candidate; the candidate's level of understanding of the Company's business and the electronic manufacturing services industry; the candidate's abilities for strategic thinking and willingness to share ideas; and the Board of Directors' need for diversity of experiences, expertise and background. The Nominating Committee will use these criteria to evaluate all potential nominees.

The Company does not have a diversity policy with respect to its Directors. However, in considering whether to recommend any Director nominee, including candidates recommended by stockholders, the Nominating Committee will consider the factors above, including the candidate's diversity of experiences, expertise, ethnicity, gender and background. The Nominating Committee does not assign specific weights to particular criteria, and no particular criterion is necessarily applicable to all prospective nominees. The Company believes that the backgrounds and qualifications of the Directors, considered as a group, should provide a significant mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities.

The Nominating Committee will consider proposed nominees whose names are submitted to it by stockholders. The Nominating Committee has not adopted a formal process for that purpose because it believes that the Nominating Committee's process for considering stockholder nominees has been and remains adequate. Historically, stockholders have not proposed any nominees. The Nominating Committee intends to review periodically whether a formal process should be adopted, including whether all stockholder nominations must comply with the notice provisions of the Company's by-laws, which generally require that such notice be received by the Secretary of the Company not less than 60 days and not more than 90 days prior to a regularly scheduled Annual Meeting of Stockholders, or within 10 days after receipt of notice of an Annual Meeting of Stockholders if the date of such meeting has not been publicly disclosed within 70 days prior to the meeting date.

The Board of Directors held 11 meetings either in person or by telephone conference during the fiscal year ended April 30, 2013. The Compensation Committee held 6 meetings in person or by telephone conference and the Audit Committee held 8 meetings in person or by telephone conference during the fiscal year 2013. The Nominating Committee held 1 meeting during the fiscal year 2013. All Directors attended at least 75% of the meetings of the Board and each of the committees of which they were members. In fact, all Directors attended at 100% of the meetings of the Board and each of the committees of which they were members. The Company has a policy of encouraging all Directors to attend the Annual Meeting of Stockholders. All Directors attended the Company's 2012 Annual Meeting of Stockholders.

Board Leadership Structure and Role in Risk Oversight

The Company believes that the service of Gary R. Fairhead as both Chairman of the Board and Chief Executive Officer is in the best interest of the Company and its stockholders. Mr. Fairhead possesses detailed and in-depth knowledge of the opportunities and challenges facing the Company, and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters. The Board believes his role as Chairman of the Board and Chief Executive Officer promotes consistent leadership,

engenders accountability, and enhances the Company's ability to communicate its message and strategy clearly and consistently to its stockholders, employees, and customers. The Company believes the Board's administration of its risk oversight function to date has had a positive effect on the Board's leadership structure.

Consistent with the Company's corporate governance guidelines and because Mr. Fairhead is the Chairman of the Board as well as Chief Executive Officer, the Board has designated one of its members to serve as a Lead Independent Director ("Lead Independent Director"). Dilip S. Vyas was appointed Lead Independent Director by all the Directors in September, 2011, and he continues to serve as Lead Independent Director. Mr. Vyas' responsibilities include the following roles:

1. to preside over executive sessions of the Independent Directors;
2. to chair meetings of the Board of Directors in the absence of the Chairman of the Board;
3. to act as a liaison between the independent Directors and the Chairman of the Board;
4. to coordinate with the Chairman of the Board regarding meeting agendas and schedules;
5. to coordinate with the Chairman of the Board regarding information flow to the Board;
6. to be available for consultation and communication with stockholders, as appropriate; and
7. to call meetings of the independent Directors as appropriate.

The Company believes that it has strong corporate governance processes intended to ensure that its independent Directors will continue to effectively monitor management and provide leadership on key issues such as strategy, risk and integrity. The Board has primary responsibility for the oversight of risks to the Company and has assigned to its committees the oversight of risks applicable to their particular area. Each committee of the Board is comprised solely of independent Directors. Consequently, independent Directors oversee such critical matters as the integrity of financial statements; the compensation of Executive Officers, including the Chief Executive Officer; financial commitments for capital projects; the selection and evaluation of Directors and Executive Officers; and the development and implementation of corporate governance programs. Each Board committee and the independent Directors as a group routinely have independent sessions without management present.

Management, the Company's Corporate Counsel, and the Board of Directors discuss risks, both during and outside of Board meetings. These discussions identify Company risks which are prioritized and assigned to the appropriate Board committee or the full Board for oversight. Internal control and financial risks are overseen by the Audit Committee; compensation risks are overseen by the Compensation Committee; Chief Executive Officer succession planning is overseen by the Nominating Committee and reviewed by the independent Directors; compliance risks are typically referred to the full Board; and matters arising under the Company's Code of Conduct or Code of Ethics for Senior Financial Management are handled by Corporate Counsel. Management regularly reports on each risk to the relevant committee or the Board, and material risks identified by a relevant committee are then presented to the full Board. The Company's risk management program as a whole is reviewed annually at a meeting of the Board. Additional review or reporting on Company risks is conducted as needed or as requested by the Board or Committee. Coordination of management's review of these risks is performed by the Company's Corporate Counsel.

Stockholder Communications with the Board of Directors

Stockholders can contact the Board of Directors or any of the individual Directors by contacting: Henry J. Underwood, Corporate Counsel, Howard & Howard Attorneys PLLC, by regular mail at 200 South Michigan Avenue, Chicago, IL 60604. Inquiries will be reviewed, sorted and summarized by the Corporate Counsel before they will be forwarded to the Board of Directors or to an individual Director.

Compensation of Directors

The Company pays non-employee Directors \$4,500 per month. The Chairman of the Audit and Compensation Committees are paid an additional \$500 and \$250 per month, respectively. The Lead Independent Director receives an additional \$250 per month.

In addition, under the 2000 Directors' Stock Option Plan, each Director who was, at the time of grant, neither a full-time employee of, nor a consultant to, the Company received a grant of options to acquire 7,500 shares of common stock at each of the September 2000, December 2001 and September 2002 Annual Stockholders' Meetings. Such options were exercisable for ten years from the respective date of grant at a price based on the price of the common stock on the respective grant dates. As such, all such options have expired in accordance with their grant terms. Further, under the 2004 Directors' Stock Option Plan, each Director who, at the time of grant, was neither a full-time employee of, nor a consultant to, the Company received a grant of options to acquire 5,000 shares of common stock at each of the September 2004 and September 2005 Annual Stockholders' Meetings.

3. PROPOSAL TO APPROVE THE 2013 EMPLOYEE STOCK PURCHASE PLAN

On July 11, 2013, our Board of Directors unanimously approved, subject to approval of our stockholders at the Annual Meeting, the 2013 Employee Stock Purchase Plan (the "ESPP"). The ESPP provides eligible employees with the opportunity to purchase up to 500,000 shares subject to subsequent increases of common stock of the Company ("Common Stock") at a discount, on a tax-favored basis, through regular payroll deductions in compliance with Section 423 of the Code.

The Board of Directors believes it is in the best interest of the Company and its stockholders that the ESPP be approved and recommends approval of the ESPP. The ESPP allows all full-time and certain part-time employees to purchase shares of common stock at a discount to fair market value. Eligible employees may purchase shares on the last Trading Day of each of the Company's fiscal quarters (which end April, July, October, and January) ("Exercise Date") by using funds deducted from their paychecks during the preceding three months. The ESPP is expected to be an important component of the benefits package that the Company offers to its employees and we believe that it will aid the Company in retaining existing employees, recruiting and retaining new employees, and aligning and increasing the interest of all employees in the success of the Company.

The following is a brief summary of the Plan. This summary is qualified in its entirety by reference to the text of the Plan, a copy of which is attached as Appendix A to this proxy statement. To the extent that there is a conflict between this summary and the actual terms of the ESPP, the terms of the ESPP will govern. Moreover, unless defined herein, or the context otherwise clearly requires, capitalized terms used herein shall have the meaning as defined in the ESPP.

Summary of the ESPP

Administration. The ESPP will be administered by the Board of Directors. All decisions and determinations of the Board of Directors will be final and binding to the fullest extent permitted by law.

Eligibility. All full-time and certain part-time employees of the Company (and any subsidiary of the Company) that the Board of Directors determines is eligible to participate, will be eligible to participate in the ESPP. For part-time employees to be eligible, they must have customary employment of more than five months in any calendar year and must work more than 20 hours per week. Employees who, after exercising their rights to purchase shares under the ESPP, would own shares representing 5% or more of the total combined voting power or value of all classes of the capital stock of the Company or any subsidiary of the Company, are ineligible to participate. Further, employees may not purchase stock under the ESPP in excess of (i) Twenty-Five Thousand Dollars (\$25,000) worth of stock determined at the fair market value of the shares, or (ii) Twenty-Five Thousand (25,000) shares of stock, which is lower, in any calendar year.

Approximately 475 employees will be eligible to participate in the ESPP. Participation in the ESPP is at the election of each eligible employee and the number of shares received by a participant under the ESPP depend on the fair market value of the Company's common stock on future dates; therefore, the benefits or amounts that will be received by any participant if the ESPP is approved by our stockholders, are not currently determinable.

Shares Available for Issuance. Assuming the ESPP is approved by our stockholders at the Annual Meeting, there will be 500,000 shares of our common stock available for issuance under the ESPP, plus an

annual increase on the first day of each of the Company's fiscal years beginning with the fiscal year commencing May 1, 2014, equal to the lesser of (i) 25,000 shares, (ii) two percent of the outstanding shares on such date, or (iii) an amount determined by the Board of Directors.

Participation. To participate in the ESPP, an eligible employee authorizes payroll deductions in an amount not less than 1% nor greater than 15% of his or her eligible earnings for each full payroll period in the offering period. To ensure that IRS share limitations are not exceeded, contributions from an individual participant in excess of \$25,000 per calendar year will not be accepted.

Individual accounts shall be maintained for each participant in the ESPP and statements of accounts shall be given to each participant, at least annually, setting forth the amounts of payroll deductions, the Purchase Price(s), number of shares purchased, and remaining cash balance, if any.

Purchases. Eligible employees enroll in a three-month offering period during the enrollment period prior to the start of that offering period. A new offering period begins approximately every May 1, August 1, November 1, and February 1. At the end of each offering period, a participant's accumulated deductions during such offering period are used to purchase shares of the Company's common stock. Shares are purchased at a price equal to 85% of the lower of the fair market value of the Company's common stock on the first day or the last day of an offering period.

On July 22, 2013, the closing market price per share of our common stock was \$4.21 as reported by the NASDAQ Small-Cap Market on which the Company's stock is listed.

Termination of Employment. Termination of a participant's employment for any reason immediately terminates his/her participation in the ESPP and all payroll deductions credited to such participant's account, but not yet used to purchase shares under the ESPP, will be returned to such employee, designated beneficiary, or executor or administrator of the participant's estate, as applicable and the case may be, without interest.

Adjustments upon Change in Capitalization. Subject to any required action by the stockholders of the Company, (i) the maximum number of shares of common stock for sale under the ESPP, (ii) the number of shares that may be added annually to the shares reserved under the ESPP, and (iii) the price per share and the number of shares of common stock covered by each option under the ESPP which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of common stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the common stock, or any other change in the number of shares of common stock effected without the Company's receipt of consideration.

Amendment or Termination. Unless shareholder approval is required under Section 423 of the Code, any national securities exchange or system on which the Common Stock is then listed or reported, the Board of Directors may, at any time and for any reason, amend or terminate the ESPP.

Without stockholder consent, the Board of Directors may change the offering periods, limit the frequency and/or number of changes in the amount withheld during an offering period, and establish other limitations or procedures consistent with the ESPP. Further, in the event the Board of Directors determines that ongoing operation of the ESPP may result in unfavorable financial accounting consequences, it may, to the extent necessary or desirable, and without stockholder approval or consent from participants, modify or amend the ESPP to reduce or eliminate such accounting consequence.

The Board of Directors may terminate the ESPP at any time, and the ESPP automatically terminates when all shares available for purchase under the ESPP have been issued. If not terminated earlier, the ESPP shall terminate on October 31, 2023.

U.S. Federal Income Tax Consequences. The ESPP, and the rights of participant employees to make purchases thereunder, qualify for treatment under the provisions of Sections 421 and 423 of the Internal Revenue Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the ESPP are sold or otherwise disposed of.

Upon sale or other disposition of the shares, the participant will generally be subject to tax and the amount of the tax will depend upon the holding period. If the shares are sold or otherwise disposed of more than two years from the first day of the relevant offering period (and more than one year from the date the shares are purchased), then the participant generally will recognize ordinary income measured as the lesser of:

- (i) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price; or
- (ii) an amount equal to 15% of the fair market value of the shares as of the first day of the applicable offering period.

Any additional gain should be treated as long-term capital gain.

If the shares are sold or otherwise disposed of before the expiration of this holding period, the participant will recognize ordinary income at the time of such disposition generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period.

The Company is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent ordinary income is recognized by participants upon a sale or disposition of shares prior to the expiration of the holding period(s) described above. In all other cases, no deduction is allowed to the Company.

The foregoing tax discussion provides only a general description of certain expected federal income tax results under current law. This discussion is intended for the information of stockholders considering how to vote at the Annual Meeting, and not as tax advice or guidance to a participant of the ESPP, as the consequences may vary depending upon specific circumstances. No attempt has been made to address any state, local, foreign or estate and gift tax consequences that may arise in connection with participation in the ESPP.

Approval Required

Adoption of the ESPP requires an affirmative vote by holders of a majority of the shares present at the Meeting in person or by proxy and entitled to vote on the matter. Abstentions will have the same effect as negative votes. Broker non-votes while considered present at a meeting and included in the determination of whether a quorum exists, are not entitled to vote. Thus, Broker Non-Votes will have no effect.

The Board of Directors unanimously recommends that you vote “for” the approval of the 2013 Employee Stock Purchase Plan providing for the purchase of up to 500,000 shares of our Common Stock.

4. PROPOSAL TO APPROVE THE 2013 NON-EMPLOYEE DIRECTOR RESTRICTED STOCK PLAN

General

On July 11, 2013, our Board of Directors unanimously approved the adoption of the 2013 Non-Employee Director Restricted Stock Plan (the “Director Plan”). The adoption of the Director Plan by our Board of Directors is subject to the approval of our stockholders. In this proposal, we are asking our stockholders to approve the Director Plan at the Annual Meeting.

The Director Plan will be administered by the Compensation Committee and the amount of restricted stock to be granted under the plan is determined by the Compensation Committee. Unlike cash fees, which are taxable when received, the restricted stock, which is subject to a substantial risk of forfeiture, is not taxable to the recipients until the awarded shares become vested. The awarded restricted stock generally will become vested on the six-month anniversary of the date granted. The Board of Directors and the Compensation Committee believe that the Director Plan is a key part of the Company’s director compensation program.

Shares to be Available

The number of shares of Common Stock to be reserved and available for awards under the Director Plan will be 50,000 shares. If any awarded shares are canceled, terminated or are forfeited, those shares shall again be available under the Director Plan.

Approval Required

Adoption of the Director Plan requires an affirmative vote by holders of a majority of the shares present at the Meeting in person or by proxy and entitled to vote on the matter. Abstentions will have the same effect as negative votes. Broker Non-Votes, while considered present at a meeting and included in the determination of whether a quorum exists, are not entitled to vote. Thus, Broker Non-Votes will have no effect.

The effectiveness of the Director Plan is conditioned upon stockholder approval of the Director Plan, and no shares shall be issued hereunder prior to the date on which the Company's stockholders approve the Board's adoption.

Description of the Director Plan

The following is a general description of the material features of the Director Plan. This description is qualified in its entirety by reference to the full text of the Director Plan, a copy of which is attached as Appendix B. To the extent that there is a conflict between this summary and the actual terms of the Director Plan, the terms of the Director Plan will govern. Unless defined herein, or the context otherwise clearly requires, capitalized terms used herein shall have the meaning as defined in the Director Plan.

Purpose. The purpose of the Director Plan is to promote the success and interest of the Company and to enhance the stock ownership of the Directors of the Company by providing a method whereby Non-Employee Directors receive a portion of their annual compensation in restricted shares of the common stock of the Company. The Director Plan provides for payment of a portion of the Non-Employee Directors' annual compensation in shares of restricted Common Stock.

Eligibility. Under the Director Plan, only Non-Employee Directors (individuals who are members of the Board, but who are not employees of the Company or any of its subsidiaries) are eligible to receive an award of restricted shares of Common Stock ("Award"). A director who is an employee of the Company or any subsidiary of the Company who retires or resigns from employment, but remains a director of the Company, will become eligible to participate in the Director Plan at the time of such termination of employment.

Administration. The Compensation Committee shall be responsible for administering, and shall have all of the powers necessary to administer, the Director Plan. The Compensation Committee shall have the power to determine the terms and provisions of the Awards and related agreements thereto, and to make all determinations necessary or advisable for the plan's administration.

The Compensation Committee may also accelerate the vesting of all or any portion of any Award or provide for the lapsing of any conditions or restrictions on any outstanding Award, or portion thereof. The decisions of the Compensation Committee upon all matters within its scope of authority shall be final and conclusive on all persons, except to the extent otherwise provided by law.

Term. Unless sooner terminated in accordance with the provisions of the Director Plan, the term of the Director Plan shall be ten (10) years from the date the stockholders of the Company approve the Director Plan. No grants of Awards under the Director Plan may be made after the termination of the Director Plan.

Adjustments for Merger, Stock Dividends, Splits, etc. The Compensation Committee shall make appropriate adjustments to the number of shares of Restricted Common Stock that are subject to the Director Plan and to any outstanding award to reflect stock dividends, stock splits, extraordinary cash dividends, issuances of stock rights, and similar events.

As of July 22, 2013, the record date, the closing price of the Common Stock of the Company on the Nasdaq Small-Cap Market, on which the Company's stock is listed, was \$4.21 per share.

Restricted Stock Awards. Pursuant to the Director Plan, Non-Employee Directors may be paid a portion of the annual compensation in shares of restricted Common Stock. The total amount of and terms of all Awards shall be determined by the Compensation Committee.

Except as otherwise provided in the Director Plan, stock awarded under the Director Plan will not vest until the six-month anniversary of the date of the Award. A Participant may not sell, transfer or otherwise dispose of any shares of Restricted Stock until they become vested; however, the Participant will have the right to receive dividends with respect to the shares and to vote the shares prior to vesting.

Compliance with Law and Other Conditions. The Director Plan shall be administered according to the laws of the State of Delaware to the extent that such laws have not been preempted by any laws of the United States. No Award shall be issued under the Director Plan prior to compliance by the Company, to the satisfaction of its counsel, with all applicable laws. No Awards will be granted pursuant to the Director Plan until it is approved by the Company's stockholders. In addition, Awards are subject to the discretion of the Compensation Committee, and therefore amounts of stock that may be granted under the Director Plan are not determinable.

Amendment, Modification and Termination of the Director Plan. The Compensation Committee may amend, alter, or terminate the Director Plan; provided, however, that an amendment to the Director Plan may be conditioned on the approval of the Company's stockholders if stockholder approval is required.

Federal Income Tax Implications of the Director Plan

An award of restricted stock will not result in taxable income to the participant at the time of grant. Upon the lapse of the restrictions, the participant will recognize ordinary income in the amount of the fair market value of the shares of common stock at the time that the restriction lapses. Alternatively, within 30 days after receipt of the restricted stock, a participant may make an election under Section 83(b) of the Code, which would allow the participant to include in income in the year that the restricted common stock is awarded an amount equal to the fair market value of the restricted stock on the date of such award determined as if the restricted common stock were not subject to restrictions.

The Company will generally be entitled to a tax deduction equal to the amount recognized as ordinary income in connection with the issuance of restricted stock under the Director Plan. The Company will generally be entitled to its tax deduction at the same time that the ordinary income is recognized by the grantee.

The foregoing provides only a general description of the application of federal income tax laws to awards of Awarded Stock under the Director Plan. This discussion is intended for the information of stockholders considering how to vote at the Annual Meeting, and not as tax advice or guidance to grantee in the Director Plan, as the consequences may vary depending upon specific circumstances. The summary does not address the effects of other federal taxes or taxes imposed under state, local or foreign tax laws.

The Board of Directors unanimously recommends that you vote in favor of the approval of the 2013 Non-Employee Director Restricted Stock Plan.

The Company's Chief Executive Officer submitted to the Company's Compensation Committee a recommendation (i) of target objectives for each Executive Officer and (ii) for a specified percentage or dollar allocation of the Bonus Pool for each Executive Officer and Officer, individually, and all of the Employee Participants, in the aggregate. Bonuses under the 2012 Officer Plan were to be paid only if (1) the Company's Pre-Tax Income for the 2012 fiscal year equaled or exceeded \$340,000; and (2) the Company was in compliance with all covenants under the Company's primary credit facility at the end of the 2012 fiscal year or a waiver was obtained; and (3) the Company achieved the Operational objectives approved by the Board of Directors. All conditions were satisfied and the \$170,000 Bonus Pool was distributed among the eligible Participants by the Compensation Committee, which first reviewed a proposal submitted to it by the Chief Executive Officer, who was responsible for making a Bonus Pool allocation recommendation to the Board.

At the end of fiscal year 2012, the Company awarded bonuses pursuant to the Officer Plan discussed above. Bonuses earned in fiscal year 2012 and paid to Named Executive Officers in fiscal 2013 are listed in the Summary Compensation Table below.

Employment Contracts, Termination of Employment and Change of Control Agreements

The Company adopted an Amended and Restated Change-in-Control Severance Payment Plan on May 30, 2002 (the “CIC Plan”), which covers Named Executive Officers and certain other Officers of the Company (each a “CIC Participant”). Under the terms of the CIC Plan, each CIC Participant is entitled to the payment of severance pay in the event such CIC Participant’s employment with the Company is involuntarily terminated within twenty-four months of a change of control of the Company. The amount of severance pay to which a CIC Participant may be entitled under the CIC Plan is a function of the value of the common stock of the Company as of the date on which a change in control of the Company takes place.

In general, for purposes of the CIC Plan, a change of control will be deemed to have occurred when (a) any entity, person or group other than Cyrus Tang or his affiliates, acquires more than thirty percent of the

outstanding stock entitled to vote for Directors of the Company, (b) as a result of or in connection with certain corporate transactions identified in the CIC Plan, the identity of a majority of the members of the Board of Directors immediately before such transaction changes immediately after the transaction, (c) the merger, consolidation, or share exchange of the Company, or (d) a sale of all or substantially all of the Company's assets. In general, a CIC Participant's employment will be deemed to have been involuntarily terminated under the CIC Plan in the event of such employee's termination by the Company for a reason other than (w) for cause (as defined in the Plan), (x) death, (y) disability, or (z) that employee's voluntary retirement or resignation except on account of the reasons set forth in the CIC Plan (which in general would result in a constructive discharge).

The CIC Plan provides for automatic reduction of the amounts to be paid out under the plan in the event such amounts would constitute "parachute payments" under the Internal Revenue Code. Payments under the CIC Plan are also subject to an aggregate cap equal to 15% of the market value of the Company's outstanding capital stock on such date in the event the employment of one or more of the CIC Participants is terminated voluntarily or involuntarily within seven days after the change-in-control. Disputes concerning the CIC Plan and benefits under the CIC Plan are subject to arbitration.

Potential Severance Payments upon Change-In-Control

The following table describes approximate potential severance payments under the CIC Plan to which the Named Executive Officers would be entitled upon change-in-control of the Company, assuming that the change-in-control of the Company occurred on April 30, 2013, that all participants actually participated in the severance payment, and that our common stock is valued at \$4.13, which was the closing market price for our common stock on April 30, 2013. The actual amount of payments can only be determined at the time of a change-in-control and will vary from the estimated amounts in the table below.

5. ADVISORY VOTE ON APPROVAL OF EXECUTIVE COMPENSATION ("SAY-ON-PAY PROPOSAL")

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act") and Section 14A of the Securities Exchange Act, the Company is seeking stockholder approval, on an advisory, non-binding basis, for the compensation of the Company's named Executive Officers ("Say-on-Pay Proposal"). This Say-on-Pay Proposal gives stockholders the opportunity to express their views on the Company's compensation of its named Executive Officers disclosed in the executive compensation tables and Executive Compensation Section of this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named Executive Officers. This is the first time the Company has been required to solicit on this vote. The timing of future votes will be determined by the Board, but will occur no less frequently than every three years.

The Company's compensation programs for Executive Officers are designed to attract, motivate and retain talented executives who are critical to the success of the Company. The Compensation Committee reviews and recommends to the Board of Directors compensation paid or awarded to the Company's Executive Officers. The Company is requesting its stockholders to indicate their support for compensation of its named Executive Officers by approving the following resolution:

"RESOLVED, that the stockholders of SigmaTron International, Inc. approve the compensation of the Company's named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, in the executive compensation tables and related narrative discussion set forth in the Company's 2013 Proxy Statement."

Assuming that a quorum is present, the non-binding, advisory resolution requires an affirmative vote by holders of a majority of the shares present at the Meeting in person or by proxy and entitled to vote on the matter.

Because your vote is advisory, it will not be binding upon the Board of Directors and may not be construed as overruling a decision or creating or implying any change to the fiduciary duties of the Board of Directors. However, the Board of Directors values the opinions of the Company's stockholders and will consider the outcome of the vote when reviewing and recommending future executive compensation arrangements.

The Board of Directors unanimously recommends that you vote "For" the resolution approving the Company's compensation for its named Executive Officers.

6. ADVISORY VOTE ON THE FREQUENCY OF HOLDING AN ADVISORY VOTE ON THE SAY-ON-PAY PROPOSAL

Pursuant to the Dodd-Frank Act and Section 14A of the Securities Exchange Act, the Company is seeking stockholder input, on an advisory, non-binding basis, regarding the frequency of holding stockholder advisory votes on the Say-on-Pay Proposal. In particular, the stockholders are asked to vote on whether a Say-on-Pay Proposal advisory vote should occur every year, every two years, or every three years. This is the first time the Company has been required to solicit this vote, and the Board will seek this vote in future years no less frequently than once every six calendar years.

The Board of Directors believes that an advisory vote every three years on the Say-on-Pay Proposal would be most appropriate for the Company. This would give Company's stockholders sufficient opportunity to react to emerging trends in executive compensation. In addition, a triennial vote would provide the Compensation Committee and Board of Directors the time to thoughtfully evaluate stockholder reactions and implement any

necessary changes to the executive compensation program and compensation decisions. The Company is requesting its stockholders to provide an advisory vote on the following resolution:

“RESOLVED, that the stockholders of SigmaTron International, Inc. advise the Company to include a non-binding, advisory vote on the compensation of the Company’s named executive officers pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, every:

- one year;
- two years; or
- three years.”

Assuming that a quorum is present, the non-binding, advisory recommendation of the shareholders for the frequency of holding future advisory votes on executive compensation will be that choice which receives a plurality of the votes cast.

Because your vote is advisory, it will not be binding on the Board of Directors and may not be construed as overruling a decision by or creating or implying any change to the fiduciary duties of the Board of Directors. However, the Compensation Committee and the Board of Directors value stockholder opinions and will consider the voting results when determining the frequency of future advisory votes on executive compensation.

The Board of Directors unanimously recommends that stockholders select “three years” on the proposal recommending the frequency of advisory votes on executive compensation.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has reviewed, and discussed the audited financial statements with management, and discussed with the independent public accounting firm (the “Auditors”) the matters to be discussed with the Audit Committee under the rules adopted by the Public Company Accounting Oversight Board (the “PCAOB”). Based on the review and discussions referred to herein, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the last fiscal year for filing with the Securities and Exchange Commission.

3. Eligibility.

(a) **First Offering Period.** Any individual who is an Eligible Employee immediately prior to an Offering Period may enroll in any Offering Period as provided in Section 5. Any Eligible Employee who becomes an Eligible Employee after a given Grant Date shall be eligible to participate in the Plan at the beginning of the next Offering Period.

(b) **Limitations.** Any provisions of the Plan to the contrary notwithstanding, no Eligible Employee shall be granted an option under the Plan (i) to the extent that, immediately after the grant, such Eligible Employee (or any other person whose stock would be attributed to such Eligible Employee pursuant to Section 424(d) of the Code) would own capital stock of the Company and/or hold outstanding options to purchase such stock possessing 5% or more of the total combined voting power or value of all classes of the capital stock of the Company or of any Subsidiary, or (ii) to the extent that his or her rights to purchase stock under all employee stock purchase plans of the Company and its subsidiaries accrues at a rate which exceeds \$25,000 worth of stock (determined at the fair market value of the shares at the time such option is granted) or

[25,000] shares of stock, whichever is lower, for each calendar year in which such option is outstanding at any time.

4. **Offering Periods.** The Plan shall be implemented by consecutive, three-month Offering Periods with a new Offering Period commencing on the first Trading Day of each of the Company’s fiscal quarters (commencing May 1, August 1, November 1 and February 1), or on such other date as the Board shall determine, and continuing thereafter until the last Trading Day of the Company’s fiscal quarter, unless earlier terminated in accordance with Section 20 hereof; provided, however, that the first Offering Period under the Plan shall be as described in Section 2(N).

5. Participation.

(a) **First Offering Period.** An Eligible Employee shall be entitled to participate in the first Offering Period only if such individual submits a subscription agreement authorizing payroll deductions to this Plan (i) no earlier than the effective date of the Form S-8 registration statement with respect to the issuance of Common Stock under this Plan and (ii) no later than 5 business days (or such other number of days as determined by the Administrator) from the effective date of such S-8 registration statement (the “Enrollment Window”). An Eligible Employee’s failure to submit the subscription agreement during the Enrollment Window shall result in the automatic termination of such individual’s participation in the Offering Period.

(b) **Subsequent Offering Periods.** An Eligible Employee may become a participant in the Plan by completing a subscription agreement authorizing payroll deductions to this Plan with the Company’s payroll office prior to the applicable Grant Date. Once an Eligible Employee becomes a participant in the Plan, the Eligible Employee remains a participant until he or she withdraws from the Plan or his or her employment is terminated.

6. Payroll Deductions.

(a) At the time a participant files his or her subscription agreement, he or she shall elect to have payroll deductions made on each pay day during the Offering Period in an amount not exceeding 15% of the Compensation which he or she receives on each pay day during the Offering Period; provided, however, that should a pay day occur on an Exercise Date, a participant shall have the payroll deductions made on such day applied to his or her account under the new Offering Period or Purchase Period, as the case may be. A participant’s subscription agreement shall remain in effect for successive Offering Periods unless terminated as provided in Section 10 hereof.

Appendix A

(b) Payroll deductions for a participant shall commence on the first payday following the Grant Date and shall end on the last payday in the Offering Period to which such authorization is applicable, unless sooner terminated by the participant as provided in Section 10 hereof; provided, however, that for the first Offering Period, payroll deductions shall commence on the first payday on or following the end of the Enrollment Window.

(c) All payroll deductions made for a participant shall be credited to his or her account under the Plan and shall be withheld from the participant's net pay in whole percentages only. A participant may not make any additional payments into such account.

(d) A participant may discontinue his or her participation in the Plan as provided in Section 10 hereof, but may not increase or decrease the rate of his or her payroll deductions, during the Offering Period by completing or filing with the Company an election of discontinuance for the next subsequent Offering Period.

(e) A participant may increase or decrease the rate of his or her payroll deductions for future Offering Periods, but not during an Offering Period, by filing with the Company a new subscription agreement authorizing a change in payroll deduction rate. The change in rate shall be effective with the first full Offering Period following 10 business days after the Company's receipt of the new subscription agreement unless the Company elects to process a given change in participation more quickly.

(f) At the time the option is exercised, in whole or in part, or at the time some or all of the Company's Common Stock issued under the Plan is disposed of, the participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the Common Stock. At any time, the Company may, but shall not be obligated to, withhold from the participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to sale or early disposition of Common Stock by the Eligible Employee.

7. Grant of Option. On the Grant Date of each Offering Period, each Eligible Employee participating in such Offering Period shall be granted an option to purchase on each Exercise Date during such Offering Period (at the applicable Purchase Price) up to a number of shares of the Company's Common Stock determined by dividing such Eligible Employee's payroll deductions accumulated prior to such Exercise Date and retained in the Participant's account as of the Exercise Date by the applicable Purchase Price; and provided that such purchase shall be subject to the limitations set forth in Sections 3(b) and 12 hereof. The Administrator may, for future Offering Periods, increase or decrease, in its absolute discretion, the maximum number of shares of the Company's Common Stock an Eligible Employee may purchase during each Purchase Period of such Offering Period. Exercise of the option shall occur as provided in Section 8 hereof, unless the participant has withdrawn pursuant to Section 10 hereof. The option shall expire on the last day of the Offering Period.

8. Exercise of Option.

(a) Unless a participant withdraws from the Plan as provided in Section 10 hereof, his or her option for the purchase of shares shall be exercised automatically on the Exercise Date, and the maximum number of full shares subject to option shall be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account at the brokerage firm of the Company's choosing. No fractional shares shall be purchased; any payroll deductions accumulated in a participant's account which are not sufficient to purchase a full share shall be retained in the participant's account for the subsequent Purchase Period or Offering Period, subject to earlier withdrawal by the participant as provided in Section 10 hereof. Any other funds left over in a participant's account after the Exercise Date shall be returned to the participant. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

(b) If the Administrator determines that, on a given Exercise Date, the number of shares with respect to which options are to be exercised may exceed (i) the number of shares of Common Stock that were available for sale under the Plan on the Grant Date of the applicable Offering Period, or (ii) the number of shares available for

sale under the Plan on such Exercise Date, the Administrator may in its sole discretion (x) provide that the Company shall make a pro rata allocation of the shares of Common Stock available for purchase on such Grant Date or Exercise Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all participants exercising options to purchase Common Stock on such Exercise Date, and continue all Offering Periods then in effect, or (y) provide that the Company shall make a pro rata allocation of the shares available for purchase on such Grant Date or Exercise Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all participants exercising options to purchase Common Stock on such Exercise Date, and terminate any or all Offering Periods then in effect pursuant to Section 20 hereof. The Company may make pro rata allocation of the shares available on the Grant Date of any applicable Offering Period pursuant to the preceding sentence, notwithstanding any authorization of additional shares for issuance under the Plan by the Company's stockholders subsequent to such Grant Date.

9. **Delivery.** As soon as reasonably practicable after each Exercise Date on which a purchase of shares occurs, the Company shall arrange the delivery to each participant the shares purchased upon exercise of his or her option in a form determined by the Administrator.

10. **Withdrawal.**

(a) A participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time by giving written notice to the Company. All of the participant's payroll deductions credited to his or her account shall be paid to such participant promptly after receipt of notice of withdrawal and such participant's option for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of shares shall be made for such Offering Period. If a participant withdraws from an Offering Period, payroll deductions shall not resume at the beginning of the succeeding Offering Period unless the participant delivers to the Company a new subscription agreement.

(b) A participant's withdrawal from an Offering Period shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods under this Plan which commence after the termination of the Offering Period from which the participant withdraws.

11. **Termination of Employment.** Termination of a participant's employment for any reason, including retirement, death or the failure of a participant to remain an Eligible Employee of the Company or of a Designated Subsidiary, immediately terminates his or her participation in this Plan. In such event, the payroll deductions credited to the participant's account during the Offering Period but not yet used to purchase shares under the Plan will be returned without interest to him or her or, in the case of his or her death, to the person or persons entitled thereto under Section 15 hereof. For purposes of this Section 11, an employee will not be deemed to have terminated employment or failed to remain in the continuous employ of the Company or of a Designated Subsidiary in the case of sick leave, military leave, or any other leave of absence approved by the Board; provided that such leave is for a period of not more than 90 days or reemployment upon the expiration of such leave is guaranteed by contract or statute.

12. **Interest.** No interest shall accrue on the payroll deductions of a participant in the Plan.

13. **Stock.**

(a) Subject to adjustment upon changes in capitalization of the Company as provided in Section 19 hereof, the maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan shall be 400,000 shares plus an annual increase to be added on the first day of the Company's fiscal year beginning on May 1, 2014, equal to the lesser of (i) 50,000 shares, (ii) two percent of the outstanding shares on such date or (iii) an amount determined by the Administrator.

(b) Until the shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), a participant shall only have the rights of an unsecured creditor with respect to such shares, and no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to such shares.

(c) Shares to be delivered to a participant under the Plan shall be registered in the name of the participant or in the name of the participant and his or her spouse.

14. **Administration.** The Administrator shall administer the Plan and shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan. Every finding, decision and determination made by the Administrator shall, to the full extent permitted by law, be final and binding upon all parties.

15. **Designation of Beneficiary.**

(a) A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

(b) Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

(c) All beneficiary designations shall be in such form and manner as the Administrator may designate from time to time.

16. **Transferability.** Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds from an Offering Period in accordance with Section 10 hereof.

17. **Use of Funds.** All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions. Until shares are issued, participants shall only have the rights of an unsecured creditor.

18. **Reports.** Individual accounts shall be maintained for each participant in the Plan. Statements of account shall be given to participating Eligible Employees at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any.

19. **Adjustments Upon Changes in Capitalization. Dissolution, Liquidation, Merger or Change of Control.**

(a) **Changes in Capitalization.** Subject to any required action by the stockholders of the Company, the maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan, the maximum number of shares each participant may purchase each Purchase Period (pursuant to Section 7), the number of shares that may be added annually to the shares reserved under the Plan (pursuant to

Section 13(a)(i), as well as the price per share and the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other change in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been “effected without receipt of consideration.” Such adjustment shall be made by the Administrator, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

(b) **Dissolution or Liquidation.** In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Exercise Date (the “New Exercise Date”), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Administrator. The New Exercise Date shall be before the date of the Company’s proposed dissolution or liquidation. The Administrator shall notify each participant in writing, at least 10 business days prior to the New Exercise Date, that the Exercise Date for the participant’s option has been changed to the New Exercise Date and that the participant’s option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

(c) **Merger or Change of Control.** In the event of a merger or Change of Control, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, any Purchase Periods then in progress shall be shortened by setting a New Exercise Date and any Offering Periods then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company’s proposed merger or Change of Control. The Administrator shall notify each participant in writing, at least 10 business days prior to the New Exercise Date, that the Exercise Date for the participant’s option has been changed to the New Exercise Date and that the participant’s option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

20. Amendment or Termination.

(a) The Administrator may at any time and for any reason terminate or amend the Plan. Except as otherwise provided in the Plan, no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Administrator on any Exercise Date if the Administrator determines that the termination of the Offering Period or the Plan is in the best interests of the Company and its stockholders. Except as provided in Section 19 and this Section 20 hereof, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law, regulation or stock exchange rule), the Company shall obtain shareholder approval in such a manner and to such a degree as required.

(b) Without shareholder consent and without regard to whether any participant rights may be considered to have been “adversely affected,” the Administrator shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company’s processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common

Appendix A

Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Administrator determines in its sole discretion advisable which are consistent with the Plan.

(c) In the event the Administrator determines that the ongoing operation of the Plan may result in unfavorable financial accounting consequences, the Board may, in its discretion and, to the extent necessary or desirable, modify or amend the Plan to reduce or eliminate such accounting consequence including, but not limited to:

(i) increasing the Purchase Price for any Offering Period including an Offering Period underway at the time of the change in Purchase Price;

(ii) shortening any Offering Period so that Offering Period ends on a new Exercise Date, including an Offering Period underway at the time of the Board action; and

(iii) allocating shares.

Such modifications or amendments shall not require stockholder approval or the consent of any Plan participants.

21. **Notices.** All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form and manner specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

22. **Conditions Upon Issuance of Shares.** Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

23. **Term of Plan.** The Plan shall become effective upon the approval of the Plan by the Board of Directors. It shall continue in effect until October 31, 2023, unless earlier terminated pursuant to Section 20 hereof, or upon issuance of all of the Common Stock made available for sale under the Plan pursuant to Section 13 have been sold.
