2015 ANNUAL MEETING OF STOCKHOLDERS
September 18, 2015

PROXY STATEMENT
GENERAL

This Proxy Statement and the accompanying proxy are furnished to stockholders of SigmaTron International, Inc. (the “Company”) in connection with the solicitation of proxies by the Company’s Board of Directors for use at the 2015 Annual Meeting of Stockholders (sometimes referred to herein as the “Meeting”) to be held at SigmaTron International, Inc., located at 2201 Landmeier Road, Elk Grove Village, Illinois, 60007, at 10:00 a.m. local time, on Friday, September 18, 2015, for the purposes, set forth in the accompanying Notice of Meeting. This Proxy Statement, the form of proxy included herewith and the Company’s Annual Report to Stockholders for the fiscal year ended April 30, 2015 are being mailed to stockholders on or about August 14, 2015.

Stockholders of record at the close of business on July 31, 2015 are entitled to notice of and to vote at the Meeting. On such date there were outstanding 4,166,432 shares of common stock, par value \$.01 per share. The presence, in person or by proxy, of the holders of a majority of the shares of common stock outstanding and entitled to vote at the Meeting is necessary to constitute a quorum. In deciding all questions, each holder of common stock shall be entitled to one vote, in person or by proxy, for each share held on the record date.

If you are a stockholder of record (that is, if you hold your shares in certificate form or if your shares are registered in your name on the books of the Company’s transfer agent, American Stock Transfer and Trust Company, as of the close of business on July 31, 2015), and attend the Meeting, you may deliver your completed proxy card in person. However, if you hold your shares in “street name” (not registered in your name): (a) you must return your voting instructions to your broker or nominee so that the holder of record can be instructed how to vote those shares; or (b) if you wish to attend the Meeting and vote in person, you must obtain and bring to the Meeting a proxy signed by the record holder giving you the right to vote the shares in order to be able to vote at the Meeting. (You may *not* use the voting instruction form provided by your broker or nominee to vote in person at the Meeting.) For directions to the meeting, please contact the Company at 847-956-8000.

Votes cast by proxy or in person at the Meeting will be tabulated by the election inspector appointed for the Meeting and will determine whether or not a quorum is present. The election inspector will treat abstentions as shares that are present and entitled to vote but as not voted for purposes of determining the approval of any matter submitted to the stockholders for a vote. Abstentions will have the same effect as negative votes on the proposal to ratify the selection of the auditor. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, or chooses not to exercise its authority (“Broker Non-Votes”), those shares will not be considered as present and entitled to vote with respect to that matter, unless it is a routine matter.

Properly executed proxies will be voted in the manner directed by the stockholders. If no direction is indicated, such proxies will be voted FOR the election of each nominee named under the caption “Election of three Class I Directors” as set forth therein as a Director of the Company and FOR the ratification of the selection of BDO USA, LLP as the Company’s registered public accountants. If a quorum is present at the Meeting, Directors will be elected by a plurality of the votes cast. The ratification of the selection of auditors requires an affirmative vote by holders of a majority of the shares present at the meeting in person or by proxy and entitled to vote. All other matters submitted for stockholder approval at the Annual Meeting will be decided by the affirmative vote of a majority of the shares present, in person or by proxy, at the Annual Meeting and entitled to vote on the subject matter. Any proxy may be revoked by the stockholder at any time prior to the voting thereof by notice in writing to the Secretary of the Company, either prior to the Meeting (at the above address) or at the Meeting if the stockholder attends in person. A later dated proxy will revoke a prior dated proxy.

All expenses incurred in the solicitation of proxies will be borne by the Company. In addition to the use of the mail, proxies may be solicited on behalf of the Company by Directors, Officers and Employees of the Company by telephone or telecopy. The Company will reimburse brokers and others holding common stock as nominees for their expenses in sending proxy material to the beneficial owners of such common stock and obtaining their proxies.

The Compensation Committee may also obtain advice and assistance from legal, accounting or other advisors selected by the Compensation Committee. The Board of Directors has adopted a written charter for the Compensation Committee, which was revised and restated as of July 11, 2013, and is available on the Company's website at www.sigmatronintl.com.

The functions of the Nominating Committee are to: (1) review and recommend to the Board of Directors the size and composition of the Board of Directors and a slate of nominees for each election of members to the Board of Directors; (2) review and recommend changes to the number, classification and term of Directors; (3) identify and recommend to the Board of Directors candidates to fill appointments to Board committees; (4) develop, assess and make recommendations to the Board of Directors concerning appropriate corporate governance policies; (5) identify and recommend to the Board of Directors candidates to fill a vacancy in the offices of President and Chief Executive Officer; and (6) review nominations by stockholders with regard to the nomination process and to establish the procedures by which stockholder candidates will be considered. The members of the Nominating Committee are Messrs. Vyas (Chairman), Horek and Rieck. The Board of Directors has determined that each of the members of the Nominating Committee is independent under the Nasdaq Stock Market, Inc. listing standards.

The Nominating Committee begins the process of identifying Director candidates by evaluating the current composition of the Board, the Company's operating requirements, and the long-term interests of the Company's stockholders. The Nominating Committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates

after considering the function and needs of the Board. In the case of incumbent Directors whose terms of office are set to expire, the Nominating Committee reviews such Directors' overall service during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such Directors' independence. The Nominating Committee meets to discuss and consider each candidate's qualifications and then selects those it considers to be appropriate nominees by majority vote for recommendation to the Board. To date, the Nominating Committee has not paid a fee to any third party to assist in the process of identifying or evaluating Director candidates.

In evaluating and determining whether to recommend a person as a candidate for election as a Director, the Nominating Committee's criteria reflects the requirements of the Nasdaq rules with respect to independence as well as the following factors: the needs of the Company with respect to the particular talents and experience of its Directors; personal and professional integrity of the candidate; the level of education and/or business experience of the candidate; broad-based business acumen of the candidate; the candidate's level of understanding of the Company's business and the electronic manufacturing services industry; the candidate's abilities for strategic thinking and willingness to share ideas; and the Board of Directors' need for diversity of experiences, expertise and background. The Nominating Committee will use these criteria to evaluate all potential nominees.

The Company does not have a diversity policy with respect to its Directors. However, in considering whether to recommend any Director nominee, including candidates recommended by stockholders, the Nominating Committee will consider the factors above, including the candidate's diversity of experiences, expertise, ethnicity, gender and background. The Nominating Committee does not assign specific weights to particular criteria, and no particular criterion is necessarily applicable to all prospective nominees. The Company believes that the backgrounds and qualifications of the Directors, considered as a group, should provide a significant mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities.

The Nominating Committee will consider proposed nominees whose names are submitted to it by stockholders. The Nominating Committee has not adopted a formal process for that purpose because it believes that the Nominating Committee's process for considering stockholder nominees has been and remains adequate. Historically, stockholders have not proposed any nominees. The Nominating Committee intends to review periodically whether a formal process should be adopted, including whether all stockholder nominations comply with the notice provisions of the Company's by-laws which generally require that such notice be received by the Secretary of the Company not less than 60 days and not more than 90 days prior to a regularly scheduled Annual Meeting of Stockholders, or within 10 days after receipt of notice of an Annual Meeting of Stockholders if the date of such meeting has not been publicly disclosed within 70 days prior to the meeting date.

Board Meetings

The Board of Directors held 11 meetings either in person or by telephone conference during the fiscal year ended April 30, 2015. The Compensation Committee held 3 meetings in person or by telephone conference and the Audit Committee held 6 meetings in person or by telephone conference during the fiscal year 2015. The Nominating Committee held 1 meeting during the fiscal year 2015. All Directors attended at least 75% of the meetings of the Board and each of the committees of which they were members. In fact, all Directors attended at least 90% of the meetings of the Board and each of the committees of which they were members. The Company has a policy of encouraging all Directors to attend in person the Annual Meeting of Stockholders. All Directors attended the Company's 2014 Annual Meeting of Stockholders.

Board Leadership Structure and Role in Risk Oversight

The Company believes that the service of Gary R. Fairhead as both Chairman of the Board and Chief Executive Officer is in the best interest of the Company and its stockholders. Mr. Fairhead possesses detailed and in-depth knowledge of the opportunities and challenges facing the Company, and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters. The Board believes his role as Chairman of the Board and Chief Executive Officer promotes consistent leadership,

engenders accountability, and enhances the Company's ability to communicate its message and strategy clearly and consistently to its stockholders, employees, and customers. The Company believes the Board's administration of its risk oversight function to date has had a positive effect on the Board's leadership structure.

Consistent with the Company's corporate governance guidelines and because Mr. Fairhead is the Chairman of the Board as well as Chief Executive Officer, the Board has designated one of its members to serve as a Lead Independent Director ("Lead Independent Director"). Dilip S. Vyas was appointed Lead Independent Director by all the Directors in September, 2011, and he continues to serve as Lead Independent Director. Mr. Vyas' responsibilities include the following roles:

1. to preside over executive sessions of the independent Directors;
2. to chair meetings of the Board of Directors in the absence of the Chairman of the Board;
3. to act as a liaison between the independent Directors and the Chairman of the Board;
4. to coordinate with the Chairman of the Board regarding meeting agendas and schedules;
5. to coordinate with the Chairman of the Board regarding information flow to the Board;
6. to be available for consultation and communication with stockholders, as appropriate; and
7. to call meetings of the independent Directors as appropriate.

The Company believes that it maintains strong corporate governance processes intended to ensure that its independent Directors will continue to effectively monitor management and provide leadership on key issues such as strategy, risk and integrity. The Board has primary responsibility for the oversight of risks to the Company and has assigned to its committees the oversight of risks applicable to their particular area. Each committee of the Board is comprised solely of independent Directors. Consequently, independent Directors oversee such critical matters as the integrity of financial statements; the compensation of Executive Officers, including the Chief Executive Officer; financial commitments for capital projects; the selection and evaluation of Directors and Executive Officers; and the development and implementation of corporate governance programs. Each Board committee and the independent Directors as a group routinely have independent sessions without management present.

Management, the Company's Corporate Counsel, and the Board of Directors discuss risks, both during and outside of Board meetings. These discussions identify Company risks which are prioritized and assigned to the appropriate Board committee or the full Board for oversight. Internal control and financial risks are overseen by the Audit Committee; compensation risks are overseen by the Compensation Committee; Chief Executive Officer succession planning is overseen by the Nominating Committee and reviewed by the independent Directors; compliance risks are typically referred to the full Board; and matters arising under the Company's Code of Conduct or Code of Ethics for Senior Financial Management are handled by Corporate Counsel. Management regularly reports on each risk to the relevant committee or the Board, and material risks identified by a relevant committee are then presented to the full Board. The Company's risk management program as a whole is reviewed annually at a meeting of the Board. Additional review or reporting on Company risks is conducted as needed or as requested by the Board or Committee. Coordination of management's review of these risks is performed by the Company's Corporate Counsel.

EXECUTIVE COMPENSATION

The Employee Plan:

On July 3, 2014, the Board of Directors adopted the SigmaTron International, Inc. 2014 Employee Bonus Plan for fiscal 2015 (“Employee Plan”) applicable to all U.S. payroll non-union employees of the Company (“Employee Participants”), all full-time employees of the Company with a corporate position of vice president or higher (“Officers”) and all employees designated by the Company as an executive officer pursuant to the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder (“Executive Officers”).

The stated purposes of the Employee Plan is to align stockholder, employee and officer objectives, to motivate employees of the Company and to increase shareholder value. The Employee Plan is administered and interpreted by the Board and, as a whole, is subject to amendment, suspension or termination by the Board.

Pursuant to the Employee Plan, a Bonus Pool, calculated as a percentage of Pre-Tax Income (as defined in the Employee Plan) pursuant to the scale set forth in the Employee Plan, was created. The Company’s Chief Executive Officer submitted to the Compensation Committee a recommendation (i) of target objectives for each Executive Officer and (ii) for a specified percentage or dollar allocation of the Bonus Pool for each Executive Officer and Officer, individually, and all of the Employee Participants, in the aggregate. The Compensation Committee reviewed such submissions for recommendation to the Board. Awards to Executive Officers under the Employee Plan were based, in part, on the Executive Officer achieving the Executive Officer’s specified target objectives and, in any event, were subject to the sole discretion of the Board. Awards to Employee Participants under the Employee Plan were contingent upon the Company being in compliance with all of the Company’s covenants under its primary credit facility (currently with Wells Fargo Bank, N.A.), or having obtained a waiver thereof, at the end of the Company’s 2015 fiscal year.

At the end of fiscal year 2015, the Company awarded bonuses pursuant to the Employee Plan discussed above. Bonuses earned in fiscal year 2015 and paid to Named Executive Officers in fiscal 2016 are listed in the Summary Compensation Table on the following page.

Tender Offer

The Company offered to purchase 395,190 Eligible Options (as defined below) from Eligible Holders (as defined below) subject to the terms and conditions stated in Schedule TO (“TO”) filed with the SEC on October 1, 2013 (“Tender Offer”). The stock options subject to the Tender Offer were those options to purchase the Company’s common stock which had not expired or terminated prior to the Expiration Time (as defined below) having the grant dates and exercise prices set forth in the TO (the “Eligible Options”). Eligible Options, all of which were fully vested at the time of the Tender Offer, were granted under the following Company stock option plans: 1993 Stock Option Plan, 2004 Employee Stock Option Plan, 2000 Directors’ Stock Option Plan and 2004 Directors’ Stock Option Plan.

“Eligible Holders” were: (a) those current or former employees, including all officers, who held Eligible Options as of 11:59 p.m., Eastern Time, on October 29, 2013 (the “Expiration Time”); and (b) all current or former directors of the Company who held Eligible Options as of the Expiration Time.

The Company offered to pay a cash amount ranging from \$0.18 to \$1.35 per Eligible Option for a maximum aggregate payment of \$301,500, as specifically set forth in the TO. Each Eligible Holder who participated in the

Tender Offer received a cash payment (subject to tax and other withholding for employees) for each properly tendered Eligible Option promptly following the Expiration Time. 394,200 Eligible Options were tendered and purchased for a total cash payment of \$300,410. The Company paid Gary R. Fairhead, Rajesh B. Upadhyaya and Gregory A. Fairhead, \$24,000, \$18,000, and \$22,000, respectively, for tendered options under the TO in fiscal year 2014. These amounts are included in the Summary Compensation Table on page 15.

Employment Contracts, Termination of Employment and Change of Control Agreements

The Company adopted an Amended and Restated Change-in-Control Severance Payment Plan on March 11, 2014 (the “CIC Plan”), which covers Named Executive Officers and certain other Officers of the Company (each a “CIC Participant”). Under the terms of the CIC Plan, each CIC Participant is entitled to the payment of severance pay in the event such CIC Participant’s employment with the Company is involuntarily terminated within twenty-four months of a change of control of the Company. The amount of severance pay to which a CIC Participant may be entitled under the CIC Plan is a function of the CIC Participant’s average income paid by the Company to such CIC Participant for five calendar years ending immediately prior to the Change-in-Control.

In general, for purposes of the CIC Plan, a change of control will be deemed to have occurred when (a) the acquisition by an entity, person or group of beneficial ownership, as that term is defined in Rule 13d-3 under the Securities Exchange Act of 1934, of more than 20% in the aggregate of the outstanding capital stock of the Company entitled to vote for the election of directors, (b) as a result of, or in connection with, any cash tender or exchange offer, merger or other business combination, sale of assets or contested election, or any combination of the foregoing transactions, the persons who are directors of the Company before the transaction shall cease to constitute a majority of the board or the board of directors of any successor to the Company, (c) the Company becomes a party to a merger, consolidation or share exchange in which either (i) the Company will not be the surviving company or (ii) the Company will be the surviving company and any outstanding shares of common stock of the Company will be converted into shares of any other company (other than a reincorporation or the establishment of a holding company involving no change of ownership of the Company) or other securities or cash or other property (excluding payments made solely for fractional shares), (d) more than 50% of the assets and business of the Company are sold, transferred or assigned to, or otherwise acquired by, any other unrelated entity or entities, or (e) all or substantially all of the assets and business of a CIC Participant’s operation are sold, transferred or assigned to, or otherwise acquired by, any other unrelated entity or entities (“Change-in-Control”). In general, a CIC Participant’s employment will be deemed to have been involuntarily terminated under the CIC Plan in the event of such employee’s termination by the Company for a reason other than (w) for cause (as defined in the Plan), (x) death, (y) disability, or (z) that employee’s voluntary retirement or resignation except on account of the reasons set forth in the CIC Plan (which in general would result in a constructive discharge).

The CIC Plan provides for automatic reduction of the amounts to be paid out under the CIC Plan in the event such amounts would constitute “parachute payments” under the Internal Revenue Code. Disputes concerning the CIC Plan and benefits under the CIC Plan are subject to arbitration.

Potential Severance Payments upon Change-In-Control

The following table describes approximate potential severance payments under the CIC Plan to which the Named Executive Officers would be entitled upon Change-In-Control of the Company, assuming that the Change-In-Control of the Company occurred on April 30, 2015 and all participants actually participated in the severance payment. The actual amount of payments can only be determined at the time of a Change-In-Control and will vary from the estimated amounts in the table below.

| | <u>Gary R. Fairhead</u> | <u>Rajesh B. Upadhyaya</u> | <u>Gregory A. Fairhead</u> |
|---------------------------------|-----------------------------|--------------------------------|--------------------------------|
| Change-In-Control Payment | \$887,620 | \$739,263 | \$770,435 |

| Gregory A. Fairhead | 3,500 | — | 3.60 | 7/18/22 |

The Company did not grant options or any stock appreciation rights to named executive officers in fiscal 2015.

DEFINED CONTRIBUTION PLAN

The Company has established a tax-qualified defined contribution 401(k) retirement plan for U.S. employees, which includes Officers. The 401(k) Plan provides for Company matching of employee contributions up to \$300 per employee per year and the Company has historically made a plan contribution of 1% of an employee's compensation.

On February 1, 2014, the Company implemented the 2013 Employee Stock Purchase Plan ("ESPP") which was approved by the stockholders at the Company's 2013 Annual Meeting of Stockholders. Under the ESPP, all eligible employees may purchase shares of the Company's common stock at three-month intervals at 85% of the lower of the fair market value of the Company's common stock on the first day or the last day of the offering period (calculated in the manner provided in the ESPP). Eligible participating employees purchase such stock using payroll deductions, which may not be less than 1% nor exceed 15% of their total cash compensation per year. Shares of common stock are offered under the ESPP through a series of successive offering periods. The plan imposes certain limitations upon an employee's right to acquire common stock, including the following: (i) termination of employment for any reason immediately terminates the employee's participation in the plan, (ii) no employee may be granted rights to purchase more than \$25,000 worth of common stock for any calendar year that such rights are at any time outstanding, and (iii) the maximum number of shares of common stock purchasable in total by all participants in the ESPP on any purchase date is limited to 500,000 shares. The number of shares of common stock reserved for issuance under the plan automatically increases on the first day of the Company's fiscal year by 25,000 shares. During fiscal year 2015, 18,118 shares were issued under the ESPP and the Company recorded \$27,747 in compensation expense.

COMPENSATION OF DIRECTORS

The Company pays non-employee Directors \$4,500 per month. The Chairman of the Audit and Compensation Committees are paid an additional \$500 and \$250 per month, respectively. The Lead Independent Director receives an additional \$250 per month. In accordance with Company policy, directors who are also employees of the Company do not receive the remuneration described in this paragraph.

It is the Company's policy to compensate only non-employee Directors.

- (1) On October 1, 2014, the Company granted 1,750 shares to each non-employee Director pursuant to the Director Plan (described below). A total of 8,750 restricted shares were granted which vested six months from the date of grant (April 1, 2015). The Company recognized \$60,200 in compensation expense in fiscal year 2015 related to such restricted shares. At April 30, 2015 there was no unrecognized compensation expense related to the 8,750 shares of restricted stock granted.
- (2) Represents the aggregate grant date fair value of stock awards computed in accordance with FASB ASC Topic 718. At April 30, 2015, the aggregate number of shares of common stock of the Company outstanding and issued pursuant to the Director Plan for each non-employee Director was as follows: Mr. Horek, 1,750 shares; Mr. Mantia, 1,750 shares; Mr. Plante, 1,750 shares; Mr. Rieck, 1,750 shares; Mr. Vyas, 1,750 shares.

Pursuant to the Tender Offer, the Company paid Thomas W. Rieck and Dilip S. Vyas \$4,900 and \$4,900, respectively, for their Eligible Options tendered by each of them under the TO in fiscal year 2014.

Under the 2000 Directors' Stock Option Plan, each Director who was, at the time of grant, neither a full-time employee of, nor a consultant to, the Company received a grant of options to acquire 7,500 shares of common stock at each of the September 2000, December 2001 and September 2002 Annual Stockholders' Meetings. Such options were exercisable for ten years from the respective date of grant at a price based on the price of common stock on the respective grant dates. As such, all such options have expired in accordance with their grant terms. Further, under the 2004 Directors' Stock Option Plan, each Director who, at the time of grant, was neither a full-time employee of, nor a consultant to, the Company received a grant of options to acquire 5,000 shares of common stock at each of the September 2004 and September 2005 Annual Stockholders' Meetings. All options granted under the 2000 Directors' Stock Option Plan and the 2004 Directors' Stock Option Plan constituted Eligible Options under the Company's offer to purchase Eligible Options.

2013 Non-Employee Director Restricted Stock Plan

On September 20, 2013, the Company implemented the 2013 Non-Employee Director Restricted Stock Plan ("Director Plan"), approved by the stockholders at the 2013 Annual Meeting of the Stockholders. The purpose of the Director Plan is to promote the success and interest of the Company and to enhance the stock ownership of the Directors by providing a method whereby non-employee Directors may receive a portion of their annual compensation in restricted shares of the common stock of the Company. Pursuant to the Director Plan, non-employee Directors may be paid a portion of the annual compensation in an award of shares of restricted Common Stock of the Company ("Award").

The Director Plan is administered by the Compensation Committee which has the power to determine the terms and provision of each Award. An aggregate of 50,000 shares of Common Stock of the Company were reserved for Awards under the Director Plan. Generally, stock awarded under the Director Plan do not vest until the six-month anniversary of the date of the Award and all shares of awarded restricted stock may not be sold, transferred or otherwise disposed of until they become vested, although the right to receive dividends with respect to the shares and to vote the shares occur upon grant. The Compensation Committee may amend, alter or terminate the Director Plan, subject to stockholder approval, if required.

In addition, the Committee shall have at least one member who has past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual’s financial sophistication, including being or having been a chief executive officer, chief financial officer, or other senior officer with financial oversight responsibilities. A director who qualifies as an audit committee financial expert under Item 407(d)(5)(ii)-(iii) of Regulation S-K is presumed to qualify as a financially sophisticated audit committee member.

Notwithstanding the foregoing, one director who: (a) is not an Independent Director as defined in Nasdaq Rule 5605(a)(2), as may be modified or supplemented; (b) meets the criteria set forth in Section 10A(m)(3) under the Act and the rules thereunder; and (c) is not a current officer or employee or a Family Member, as defined by Nasdaq, of such officer or employee, may be appointed to the Committee, if the Board, under exceptional and limited circumstances, determines that membership on the Committee by the individual is required by the best interest of the Company and its Shareholders. A member appointed under this exception may not serve longer than two years and may not chair the Committee. If the Company relies on this exception, it must comply with the disclosure requirements set forth in Item 407(d)(2) of Regulation S-K.

The members of the Committee shall be elected by the Board at the annual organizational meeting of the Board and shall serve in such capacity until the next annual organizational meeting of the Board or until their successors shall be duly elected and qualified. Unless a Chair is elected by the full Board, the members of the Committee may designate a Chair by majority vote of the full committee membership.

IV. MEETINGS

The Committee shall meet at least four times annually, and more frequently as circumstances dictate. As part of its job to foster open communication, the Committee should meet at least annually with the chief financial officer and the independent accountants to discuss any matters that the Committee or either of these groups believe should be discussed privately. In addition, the Committee or its Chair should meet in person or by telephone conference call with the independent accountants and management quarterly to review the Company's financials consistent with V.3 below.

V. RESPONSIBILITIES

The Audit Committee shall have the following responsibilities:

Documents/Reports Review

1. Review this Charter annually and update it as conditions dictate.
2. Review the Company's annual financial reports and other financial information submitted to the Securities and Exchange Commission (the "SEC"), or the public, including any certification, attestation, report, opinion or review rendered by the independent accountants, and the independent accountants' judgment as to the quality of the Company's accounting principles.
3. Review and discuss the Company's audited financial statements with management, including a review with the chief financial officer or his/her delegate and, if the Committee believes it to be advisable, the independent accountants, quarterly reports on Form 10-Q prior to its filing or prior to the release of earnings. The Chair of the Committee may represent the entire Committee for purposes of this review.
4. Issue a report to the Board disclosing whether (a) the Committee has reviewed and discussed the audited financial statements with management; (b) the Committee has discussed with the independent accountants the matters required to be discussed by SAS 61, as may be modified or supplemented; (c) the Committee has received the written disclosures and the letter from the independent accountants and has discussed with the accountants the accountants' independence; and (d) whether, based on the review and discussions referred to in (a) - (c) above, the Committee recommended to the Board that the financial statements be included in the Annual Report on Form 10-K or 10-KSB for the last fiscal year for filing with the SEC. These disclosures shall appear over the printed names of each member of the Committee, and shall be included in the Company's proxy statement, if said proxy statement relates to an annual meeting of shareholders at which directors are to be elected (or special meeting or written consents in lieu of such meeting). The disclosures shall be made at least once a year.

Independent Accountants

5. Assume direct responsibility for the appointment, compensation, retention and oversight of the work of any independent accountant engaged by the Company (including resolution of disagreements between management and the independent accountants regarding financial reporting), each of whom must report directly to the Committee, for the purpose of preparing or issuing an audit report or performing other audit, review, or attest services for the Company. Where appropriate, the Committee shall replace the independent accountants, and, if appropriate, nominate the independent accountants to be proposed for shareholder ratification or approval in any proxy statement. The independent accountants must report directly to and are ultimately accountable to the Committee, which has the sole authority and responsibility to select, evaluate and, where appropriate, replace the independent accountants.
6. Pre-approve all audit and permitted non-audit services to be performed by the independent accountants (subject to the de minimis exceptions under applicable law, rules and regulations). However, the Committee may delegate to one or more designated members of the Committee the authority to grant such pre-approvals, and the decisions of any member to whom such authority is delegated shall be presented to the full Committee at its next regularly scheduled meeting. In determining whether to

pre-approve permitted non-audit services, the Committee (or the members with authority to pre-approve) shall consider whether the independent accountants' performance of such services is compatible with independence.

7. Approve the fees and other compensation to be paid to the independent accountants. On at least an annual basis, to determine the accountants' independence, the Committee shall ensure its receipt from the outside auditors of a formal written statement delineating all relationships between the auditor and the Company, consistent with Independence Standards Board Standard 1, and shall actively engage in a dialogue with the auditor with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditor.
8. Review the performance of the independent accountants and discharge the independent accountants when circumstances warrant.
9. Receive copies of the annual comments from the independent accountants on accounting practices and policies and systems of control of the Company, and review with them any questions, comments or suggestions they may have relating thereto.
10. Oversee regular rotation of the lead audit partner, as required by applicable law, rules and regulations, and consider whether rotation of the independent accountants or their lead audit partner is necessary to ensure independence.
11. Ensure receipt of a formal written statement from independent accountants delineating all relationships between the independent accountants and the Company.
12. Actively engage in dialogue with the independent accountants with respect to any disclosed relationships or services that may impact the objectivity and independence of the accountants.
13. Take, or recommend the full board to take other appropriate action to oversee the independence of the independent accountants and outside auditor.

15. Review with management and the independent accountants significant exposure risks and the plans to appropriately control such risks.

Review with management accounting estimates in the event (a) an estimate requires the Company to make assumptions about matters that are highly uncertain at the time the accounting estimate is made, and (b) different estimates that the Company reasonably could have used in the current period, or changes in the accounting estimates that are reasonably likely to occur from period to period, would have a material impact on the presentation of the Company's financial condition, changes in financial condition or results of operations.
18. Make or cause to be made, from time to time, such other examinations or reviews as the Committee may deem advisable with respect to the adequacy of the systems of internal controls, accounting practices, internal audit procedures, and disclosure controls and procedures of the Company, taking into account current accounting and regulatory trends and developments, and take such action with respect thereto as may be deemed appropriate by the Committee. The Committee shall have the authority to retain outside advisors to assist it in the conduct of any investigation, examination or review.

19. Review with management and the independent accountants any material financial or non-financial arrangements of the Company which do not appear on the financial statements of the Company.
20. Review communications required to be submitted by the independent accountants concerning (a) critical accounting policies and practices used, (b) alternative treatments of financial information within generally accepted accounting principles (“GAAP”) that have been discussed with management and the ramifications of such alternatives and the accounting treatment preferred by the independent accountants, and (c) any other material written communications with management.
21. Review with the independent accountants any problems encountered in the course of their audit, including any change in the scope of the planned audit work and any restrictions placed on the scope of such work and any management letter provided by the independent accountants and management’s response to any such letter. The management letter should be separately communicated to the Chair of the Committee at the same time it is provided to management.

Foreign Corrupt Practices Act

22. In connection with its oversight responsibility for the Company’s compliance with the FCPA, review the overall adequacy and effectiveness of the Company’s Foreign Corrupt Practices Act Policy and Procedures (“FCPA Policy”) and recommend to the Board one or more senior executives, with appropriate authority and adequate autonomy from management, to be primarily responsible for day-to-day compliance with the FCPA Policy and conduct periodic cost and expense inquiries.

Internal Controls and Process Improvement

23. Evaluate whether senior management is setting the appropriate tone at the top by reviewing their communication with other personnel of the Company regarding the importance of internal controls and evaluate whether the members of senior management possess an understanding of their roles and responsibilities.
24. Establish a regular system of reporting to the Committee and internally within the Company by management, the independent accountants and the internal accounting department.
25. Review the scope of the audit to be performed, and the audit procedures to be used, by the independent accountants, as a part of the annual audit process.
26. Review and attempt to resolve disagreements between management and the independent accountants regarding financial reporting.
27. Review, at least annually, the then current and future programs of the internal accounting department, including the procedure for assuring implementation of accepted recommendations made by the independent accountants, and review the implementation of any accepted recommendations.
28. Consider and approve, upon the recommendation of management or upon its own motion, any non-audit services to be performed by providers other than the independent accountants relating to internal controls or current or future programs, functions, or services that are the responsibility of the internal accounting department.
29. Establish procedures in accordance with applicable law, rules and regulations for (a) receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (b) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

Other Responsibilities

30. Review and make approval decisions regarding all related-party transactions, as required by applicable law, rules and regulations.

31. If appropriate, and if it determines necessary to carry out its duties, engage and obtain advice and assistance from independent legal, accounting or other advisors and determine the compensation to be paid for such advice and assistance which shall be paid by the Company.
32. If necessary, institute special investigations and, if appropriate, hire special counsel or experts to assist.
33. Perform any other activities consistent with this Charter, the Company's By-laws and governing law, rules or regulations as the Committee or the Board deems necessary or appropriate.
34. Determine the appropriate funding, to be provided by the Company, for the payment of ordinary administrative expenses of the Committee necessary or appropriate in carrying out its duties. However, a member of the Committee shall not accept any consulting, advisory, or other compensatory fee from the Company other than for board service.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to prepare financial statements, plan or conduct audits or determine that the Company's financial statements are complete and accurate and are in accordance with GAAP. This is the responsibility of management and the independent accountants.
